

Abhishek Bose

Mobile: +919689486625 Email: abhishekbose87@gmail.com

Career Objective:

To work in a developer role where I can utilise my problem solving, analytical and communication skills to provide value to the organisation

Work Experience:

- **SME** , Amdocs DVCI, Pune, July,2010 –Dec 2012
- **SSME**, Amdocs DVCI, Pune, Jan 2013 – Aug 2013
 - Design solutions based on customer requirements
 - Development of unix scripts, cobol programs and sql queries
 - Support for Ensemble AR application

Technical Skills:

- **Programming languages:** C, C++, Cobol, Ruby
- **Web Technologies:** Ruby on Rails, HTML, CSS, Javascript, JQuery
- **Operating Systems:** Linux, Windows
- **Database Server:** MySQL, Oracle 10g
- **Tools:** Toad , Quality Center, Github, Heroku

Project Experience:

Professional

Project: Ensemble

Description: Ensemble is Amdocs' platform that provides one of the leading customer care, billing and order management solutions for convergent telecom operations. It supports the full-range of fixed-line and mobile services.

Client: O2 Ireland, Swiss Orange

Technologies: Cobol, Unix, SQL

Role: Working as an SSME, my role is to make sure that there are no glitches in production by handling tickets and defects. I also work on Change requests based on new requirements provided by the customer. I communicated with my site counterparts directly and also had an opportunity to work on site for 3 weeks in Dublin.

Side projects using Ruby on Rails

Github profile: <https://github.com/abhishekbose87/>

Pomarity (<http://www.pomarity.in/>)

Created a website to keep track of pomodoros completed every day. I used activeadmin gem to create an admin interface to enter data and javascript graphs to show the last week's data. Hopefully one day this can be sponsored to help NGOs just like there are running events which act as fundraisers.

execute-todo(<http://execute-todo.herokuapp.com/>)

Created a todo app where you can track the number of pomodoros worked on a particular task. It shows a notification when you have completed a pomodoro and brings focus to the window to decide whether the last pomodoro was valid or not.

Personal website (<http://abhishekbose.com/>)

Created a personal website for myself using ruby on rails.

Other fun projects:**OSCAR Brochure (<http://goo.gl/ycj3D4>)**

Created a brochure for OSCAR India Organisation using Adobe Indesign

Calendar for fundraising(<http://goo.gl/kf7LPB>)

Created a calendar using the photographs I had clicked in Ireland to raise funds for OSCAR India Organisation.

Part time project with BBFS

Currently working on a part time project with Bhaichung Bhutia Football Schools

Education:

- B. Tech Computer Science & Engineering, result 8.84/10
Kalinga Institute of Industrial Technology, Bhubaneswar
- ISC (12th Standard), result 86% Little Flower School , Jamshedpur
- ICSE, (10th Standard) , result 86% Little Flower School , Jamshedpur

Awards & Achievements:

- Part of the Amdocs Football team and college football team
- Won the coding competition held in Amdocs quarterly
- Won the Instagram Photography Contest held in Amdocs
- 3rd prize in Programming contest **Codiac** in Kritansh-09 of KIIT-University
- Recognition award by AMDOCS within 6 months after joining
- Was part of the team that started Toastmasters club at Amdocs
